Dear [Redacted]

STAT

Thank you so much for taking the time, last Friday, to review with us our proposal for "Documents on Intelligence". We appreciate, especially, the candor of your observations and your many positive comments on the scope and content of the proposed publication.

We are looking forward to the results of your final review. Please call on us, also, for any assistance which might be required in connection with the project on the utilization of retired intelligence officers.

Thank you, again, for all your courtesies. Jim Callahan and K.T. Johnson send their personal regards.

Sincerely,

*D.K. Menos*
